Flag	Spanish, 7th list (private use)
ITB (survey)	Confirmed against the documentation
Location	Costa Daurada (Tarragona)

My take

A 2024 Beneteau Antares 12 Fly with 110 hours and the equipment that makes the difference on a boat this size: twin 400 hp Mercury outboards with joystick for full control in harbour, a Seakeeper gyro stabiliser for comfort at anchor, a generator and air conditioning.

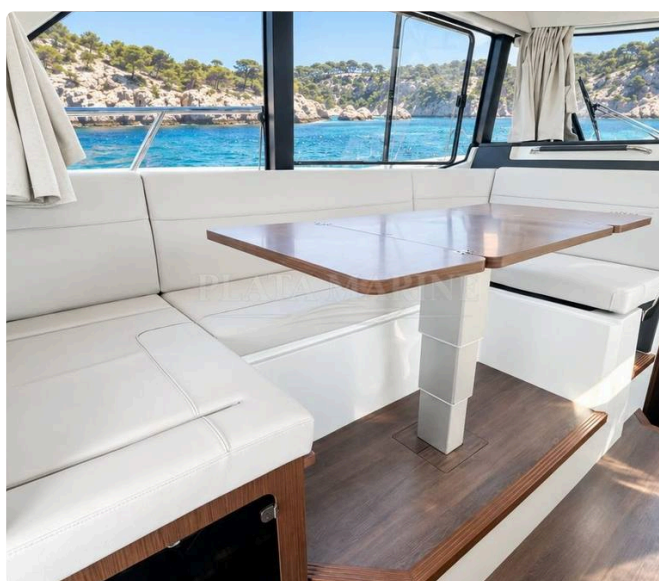

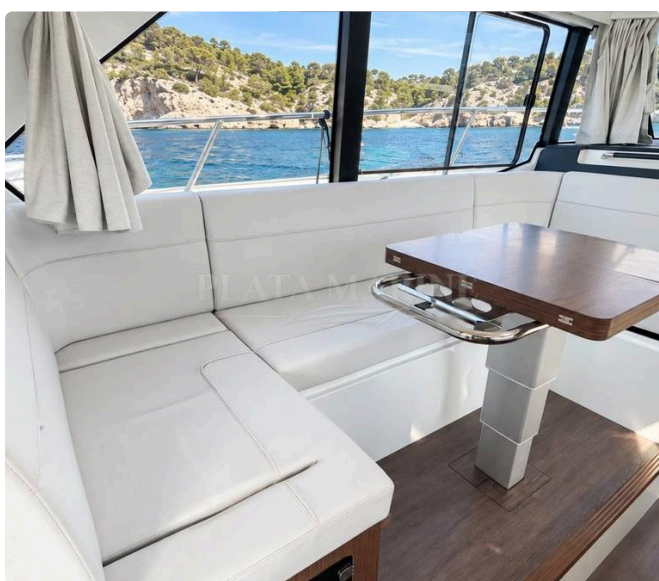

It has 3 cabins and 2 heads, twin helm stations (lower and flybridge), a side terrace, a hydraulic passerelle and natural teak in the cockpit. It comes with full electronics, a stern camera, underwater lights and zone 2 safety equipment including a liferaft. VAT and registration tax have already been paid in Spain.

It was ashore on the Costa Daurada (Tarragona). The berth was not included in the sale. You need the Spanish PER licence or higher to skipper it.

Plata Marine (Juan Morante) acts as an intermediary: it does not own this boat, does not sell it in its own name or receive the sale price, and gives no warranty of its own on it. The details in this listing are provided by the owner and are indicative; the final details will be those in the sale contract. Price excludes ownership-transfer costs. We recommend a sea trial and an independent survey before you reserve. On boats in our portfolio we charge the buyer no fee.
