PLATA MARINE

THE FLAGSHIP · 12.40 M

Key figures

LENGTH **12.40 m**	BEAM **3.60 m**	PERSONS (YARD RATING) **12**	TOP SPEED **80 knots**
FUEL **880–1,000 L**	WEIGHT WITHOUT ENGINES **6,200 kg**	DEADRISE **24°**	CATEGORY **B**

The 42 NC is the flagship of the range. Three rows of ergonomic seats, a large aft sunbed, a full wet bar and a powerful sound system on deck; inside the console, a double bed, a head with sink and shower, and plenty of storage.

It takes up to four outboards and reaches 80 knots. It works as a superyacht tender, for hosting guests or for passages on its own.

WHAT SETS IT APART

Double bed and shower

Inside the console: double bed, head with sink and shower, and storage.

Up to 80 knots

From 3 × 400 hp to 4 × 500 hp Mercury Racing.

3 displays as standard

Three Raymarine Axiom 12", 1,500 W inverter and electric bow table included.

Ready to sleep on board

Options for 7,000 BTU air conditioning, 3 kW generator, water heater and ice maker.

WHAT MATTERS MOST

Stable at any speed

It is the point the yard stresses most, and for good reason. The AeroQuad™ 4-step hull and the 24° deep V are designed to let the 42 NC run flat out, up to 80 knots according to SKIPPER, without slamming: it cuts through the waves instead of jumping over them and pushes the water outwards, so the deck stays dry.

Licence: PER or higher (Spain) · Indicative ex-works prices, from SKIPPER's official configurator (October 2026). They exclude VAT, transport, registration and the Spanish special registration tax (IEDMT), which applies to boats over 8 m registered in Spain and depends on use and flag. They may change and are not binding: the final price is always the one in SKIPPER's official offer, so ask for your own.

How to buy a SKIPPER

01
We talk
Tell me how you will use the boat and we choose model, engines, colours and extras.

02
Official quote
SKIPPER issues the quote with your exact configuration.

03
Contract with the yard
You sign with SKIPPER and the deposit is paid directly to the yard, never to me.

04
Build and delivery
I follow the build with you and coordinate transport, registration and commissioning.
