My take

A 2002 Ferretti 80, refitted in 2020. It measures 24.38 m in length with a 6.10 m beam and has a flybridge; according to the seller's brochure it sleeps 9 guests in 4 cabins and has room for 4 crew.

It has twin 1,420 hp Caterpillar engines. The brochure gives 26 knots cruising and 31 maximum, and the seller puts the hours at around 3,800 in total. The maintenance history and the details of the 2020 refit are requested from the seller and checked against the documentation before you reserve.

Outside there is a large flybridge with a table, sunpad and helm station, al fresco dining in the aft cockpit and a bathing platform. Inside, the saloon with its U-shaped sofa and the dining area have large windows, with interior design by Zuccon International Project.

It is in Greece, in the Athens area, under the Greek flag, and can be viewed by appointment. With a Spanish licence, its length calls for the Capitán de Yate or a higher qualification (it depends on the registered length; to be confirmed from the documentation). The price is €769,990 with VAT paid.
