PLATA MARINE

Maintenance log

for your boat

A place to write down everything done to the boat: services, repairs, haul-outs and documents. With the date, engine hours and invoice number.

BOAT NAME

MAKE AND MODEL

YEAR

REGISTRATION

LENGTH

HOME PORT

ENGINE 1 · MAKE AND MODEL

SERIAL NO.

ENGINE 2 · MAKE AND MODEL

SERIAL NO.

ENGINE HOURS WHEN THIS LOG WAS STARTED

How to use it

1. Write each job down on the day it is done, even if you did it yourself.
2. Number your invoices and keep them in a folder with the same number you write here.
3. Take a photo of each page once it is full: if the log gets wet or lost, you keep the history.

Details and documents

PLATA MARINE

Document or equipment	Date	Expires	Notes
Navigation permit			
Certificate of seaworthiness			
ITB (technical inspection) Date: last inspection · Expires: next one			
Insurance Company: _____ Policy no.: _____			
Liferaft Service			
Fire extinguishers Service			
Flares and pyrotechnics			
EPIRB Battery and hydrostatic release			
Radio licence (MMSI)

When you sell the boat

The first thing a serious buyer asks for is the paperwork and what has been done to the boat. Having it all together and in order saves a lot of questions.

- [ ] Up-to-date registry sheet (hoja de asiento), free of charges
- [ ] Navigation permit
- [ ] Certificate of seaworthiness and last ITB
- [ ] Current insurance receipt
- [ ] Purchase and repair invoices, in date order
- [ ] This maintenance log
- [ ] Manuals for the boat, engine and electronics
- [ ] CE declaration of conformity, if it has one
- [ ] Liferaft, fire extinguisher and EPIRB service records
- [ ] Proof of the tax paid when you bought it (ITP or VAT)
- [ ] Keys, spares and codes (ignition, padlocks, electronics)

> A clear history gives the buyer confidence: they can see what was done, when and by whom, and they come to the viewing with fewer doubts.

If you ever sell it and I can help, just get in touch. — Juan Morante
